

Akshaya Patra

Our journey has led to 10 years of deep transformations whilst touching lives of many. Our relentless work towards society began with a small project of running free schools in 3 districts of New Delhi. 10 years later, the year 2020 marks a milestone for our **12+ ongoing projects**, especially for **COVID-19 relief**.

The journey from 2010 until now has not only brought countless smiles but also given our team the motivation, zeal and enthusiasm to continue to help everyone grow together- globally!
